NYMINISTRYNETWORK
WOMEN OF PURPOSE

Thank you to all of the churches who chartered in 2019. By partnering together, you are enabling us to do so much more than we could alone. Our team is working right now on strategizing for New York for 2020.

We have resources that will be coming your way soon. We are excited to see the leaders in our local churches flourish! We want to help that happen.

The Benefits of Chartering

- It builds a relationship between the local church and the NY Ministry Network
- It enables us to keep you better informed and inspired to do the work of God
- It allows us to keep communication with you and get your input, especially in the future as we make changes in our network.
- It enables our department to better resource you ...and you are part of the bigger picture! We can do more TOGETHER than we can do alone!
- We love you and need you!!! You ARE the New York Women of Purpose!

Please note the blank for the email address. Please write clearly and include your email. It is important to have this for newsletters that will go out to leaders in place of a full mailing. Thank you for your participation in our network!
